ABHINAV KADAM

Aspiring Data Analyst

Pune, Maharashtra, India | +91 9422119980 | abhinavkadam852@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Science undergraduate with hands-on experience across Python, SQL, Power BI, and Excel, gained through end-to-end analytics projects involving data cleaning, exploratory analysis, and interactive dashboard design. Skilled at turning raw datasets into actionable insights and clear visual narratives. Seeking an entry-level Data Analyst role to apply analytical and visualization skills to real-world business problems.

TECHNICAL SKILLS

Languages & Libraries: Python, Pandas, NumPy, SQL
BI & Visualization: Power BI, DAX, Microsoft Excel, Matplotlib, Seaborn
Other: Data Cleaning & EDA, Dashboard Development, Git & GitHub

PROJECTS

CrashLens-NYC: NYC Traffic Accident Analysis | *Python, Pandas, Power BI*

- Built an end-to-end pipeline to clean, transform, and analyze NYC traffic accident records using Python and Pandas.
- Designed an interactive Power BI dashboard highlighting accident hotspots, contributing factors, and time-based trends to support data-driven safety insights.
- Combined Python-based analysis with BI visualization to demonstrate a complete data analytics workflow from raw data to decision-ready dashboard.

GitHub: github.com/abhianalyst/CrashLens-NYC

Train Delay Analysis Dashboard | *Power BI*

- Built an interactive Power BI dashboard analyzing train punctuality and delay patterns across multiple routes.
- Designed custom KPIs and DAX measures to surface delay trends and highlight performance bottlenecks for decision-making.

GitHub: github.com/abhianalyst/RailDelay-Insights

Hospital Emergency Room Dashboard | *Power BI*

- Built an interactive Power BI dashboard to monitor patient admissions, wait times, and departmental performance across hospital units.
- Enabled real-time tracking of healthcare KPIs through dynamic filters and visualizations to support operational decisions.

EDUCATION

Bachelor of Science (B.Sc.) in Data Science — Expected Graduation: 2027
College of Computer Science & Information Technology
CGPA: 9.0 / 10

CERTIFICATIONS

- Microsoft Excel Certification
- Power BI Fundamentals (Crash Course)

ACHIEVEMENTS

- Developed multiple end-to-end analytical dashboards using Power BI.
- Built a growing portfolio of data analytics projects on GitHub.
- Maintained a strong academic record with a CGPA of 9.0.
